SUMMARY

A proficient Web Developer with hands-on experience in designing and deploying scalable web applications using HTML, CSS, and ReactJS for flexible front-end development. Proficient in Node.js and Java for robust back-end services and API integration. Experienced in utilizing AWS for cloud deployment, hosting, and infrastructure management to ensure high availability and performance.

TECHNICAL SKILLS

Programming Languages: Java, Javascript

Frontend : ReactJS ,Tailwind CSS

Backend : Node js

Cloud: AWS, Tomcat & IIS

Platform: Git & Github, Vercel

Database: Mongodb, MySql

Others: Server handling (Cpanel) , prisma

WORK EXPERIENCE

Junior web developer   May 2025 – Present
Company: Cospixare Technologies   *Remote*

- Engineered 3 major products:
    1. A responsive **company website** (React.js, Express.js)
    2. **A CRM system** (Node.js, MongoDB) improving lead tracking efficiency by 40%
    3. A **Blogspot platform** for daily blogs, enabling admins to create, edit, schedule, and publish blogs with advanced features like FAQ section, blog scheduling via cron jobs, related blogs suggestion, and theme customization.
- Secured backend APIs using Arcjet, reducing bot attacks and SQL injection risks by 90%.
- Automated lead-to-CRM synchronization, cutting manual data entry time by 50%.
- Optimized front-end performance using reusable React components, reducing load time by 25%.

PROJECTS

Cospixare Website   May 2025 - May 2025
Tech Stack   *ReactJs, ExpressJs, Mongodb, NodeJs*
- Engineered a fully responsive company website with interactive forms, increasing customer inquiries by 35%.
- Integrated real-time lead generation with CRM, reducing follow-up delays by 60%.

Blogspot Website   Jun 2025 – Aug 2025
Tech Stack   *React.js, Tailwind CSS, Arcjet, SQL,nodejs*
Built a blog management platform where admins can create, edit, schedule, and publish blogs.
- *Implemented FAQ section, related blogs suggestion, and blog scheduling with cron jobs, automation.*
- *Added theme customization (light, dark, sunset, etc.), enhancing user experience*
- Integrated rich text editor quill with features like image upload, resizing, hyperlink insertion, and alt text editing.

CRM System   May 2025 – Jun 2025
Tech Stack   *React.js, Tailwind CSS, Arcjet, Mongodb*
- Designed a role-based CRM (Super Admin, Admin, Employee) with automated lead organization, improving sales workflow by 50%.
- Architected Arcjet security, blocking 95% of malicious bot traffic.
- Added analytics dashboards, boosting team performance tracking by 45%.

Movie List Platform with ReactJS   Jul 2024– Jul 2024
Tech stack   *ReactJS, REST API ,taliwindcss ,javascript*
- Developed a movie listing platform that fetches real-time data from an external API.
- Implemented search functionality allowing users to quickly find trending movies.
- Designed a responsive UI with dynamic rendering for smooth browsing across devices.
- Improved user engagement by enabling live movie search and filter options, reducing search time by 40%.

INTERNSHIP

Student Management System   3 months
Company: Shiash info solutions   *chennai*
Designed and constructed full CRUD operations for student data (name, age, grade, ID), ensuring 100% data consistency and reducing manual entry errors by 90%.

- Implemented Java-based backend integration using JDBC/Hibernate to connect and interact with MySQL database, handling over 1,000+ queries efficiently.

EDUCATION

Saveetha Engineering College   Chennai
B.E in Computer Science and Engineering | CGPA: 8.8   *2021 – 2024*

PSBB matriculation school   Chennai
Higher secondary | percentage: 74.3   *2019 – 2020*

St.Joseph's matriculation school   Sivagangai
SSLC | percentage: 75.8   *2017 – 2018*

CERTIFICATIONS

- React Js - Hands-on with React JS (Workshop)

- AWS Course completion certificate - Learn Quick Academy

- HTML Course completion certificate - Solo learn
